

Linea de Fuego Email List

Linea de Fuego maintains a low volume (4 to 5 per month) email list for score posting alerts, schedule changes, and special match announcements. Give us your email and you'll always know when and where scores have been posted and when the next San Diego Steel Match will be held.

This list is open to all shooters (you don't have to be a member of Linea de Fuego). We won't share your address, nor is your address visible to other email recipients. All we ask for is your name, email address, and optionally your home city (so that we may better understand where match participants are traveling from).

Name	Email Address	City
